

NOTE: For ACH and Wire transactions, you can use the Symantec Token app to produce a secure code instead of the physical token provided by Select Bank & Trust.

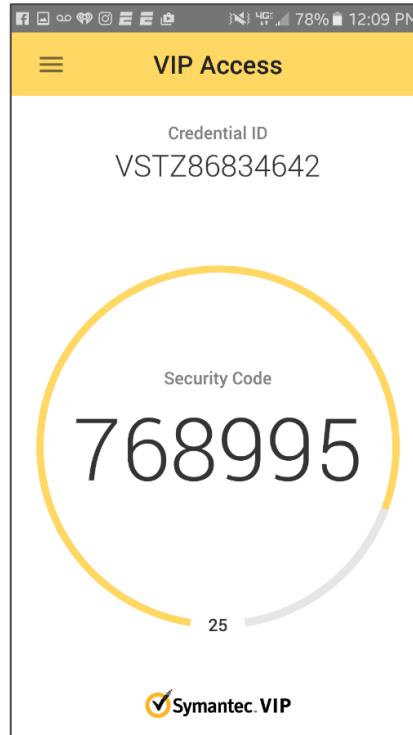

Android VIP Access App

1. Open the Google Play store and search for the 'VIP Access' app.
2. Download the app to your Android device.

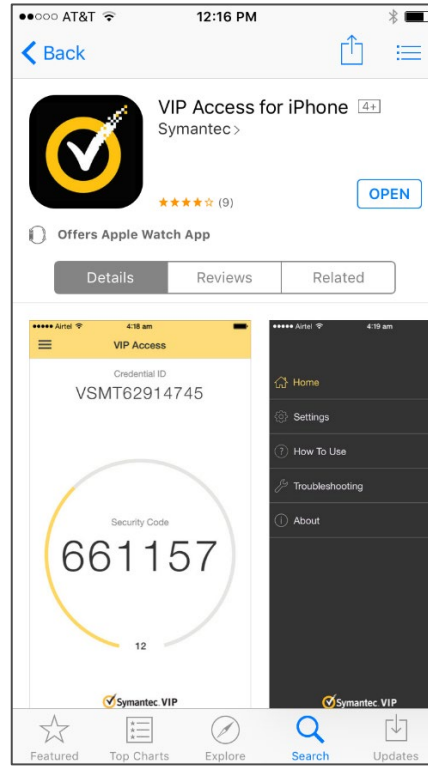

Open the VIP Access app and provide the Credential ID to Select Bank & Trust.

NOTE: The Security Code will be used for transaction authentication. The value changes every 30 seconds for security purposes.

Apple/iOS VIP Access App

1. Open the Apple store and search for the 'VIP Access' app.
2. Download the app to your iOS device.

3. Open the VIP Access app and provide the Credential ID to Select Bank & Trust.

NOTE: The Security Code will be used for transaction authentication. The value changes every 30 seconds for security purposes.
